Absolutely Wonderful 3 Bedroom 2.5 Bath home with wide open living concept. Upscale features include granite countertops throughout along with tile flooring in main living areas. Fabulous den that would make an excellent office or media room. Fantastic kitchen with an abundance of counter space, built in island with space to spare and tons of cabinet space. Limitless living area with gas fireplace that offers plenty of space for the largest of furniture. Spacious sequestered primary bedroom with so much space, you could have your own private seating area or office in this master not to mention you also have dual vanities, separate tub/shower with a great walk in closet. Love golf? How about your own private putting area!

That's right you don't have to mow this back yard and you can practice your short game in the comfort of your own home. Along with this fabulous house you have community amenities that include play grounds,
